# Hep Free Hawaii

---

## Mission

- To empower Hawaii's ohana to promote liver health and wellness
- To raise awareness and increase access for the prevention, diagnosis, and treatment of liver disease, especially viral hepatitis and related harms
- To erase stigma, social inequity, and health disparity surrounding communities affected by liver disease

## Vision

- To create a Hawaii free of hepatitis and other liver disease
- To promote liver health by integrating culturally appropriate services within a comprehensive system of care

# Harm Reduction Services Branch

---

## Mission

To empower people in Hawaii to make responsible health decisions for themselves and others by:

- Providing statewide leadership and coordination for the prevention, treatment, care and surveillance of infections transmitted primarily through sexual contact or injection drug use; and
- Assuring the accessibility and delivery of client-centered, non-judgmental, and comprehensive services with the spirit of aloha and respect
