Hep B United Webinar

Educate~Empower~Eradicate
Early Detection Saves Lives!

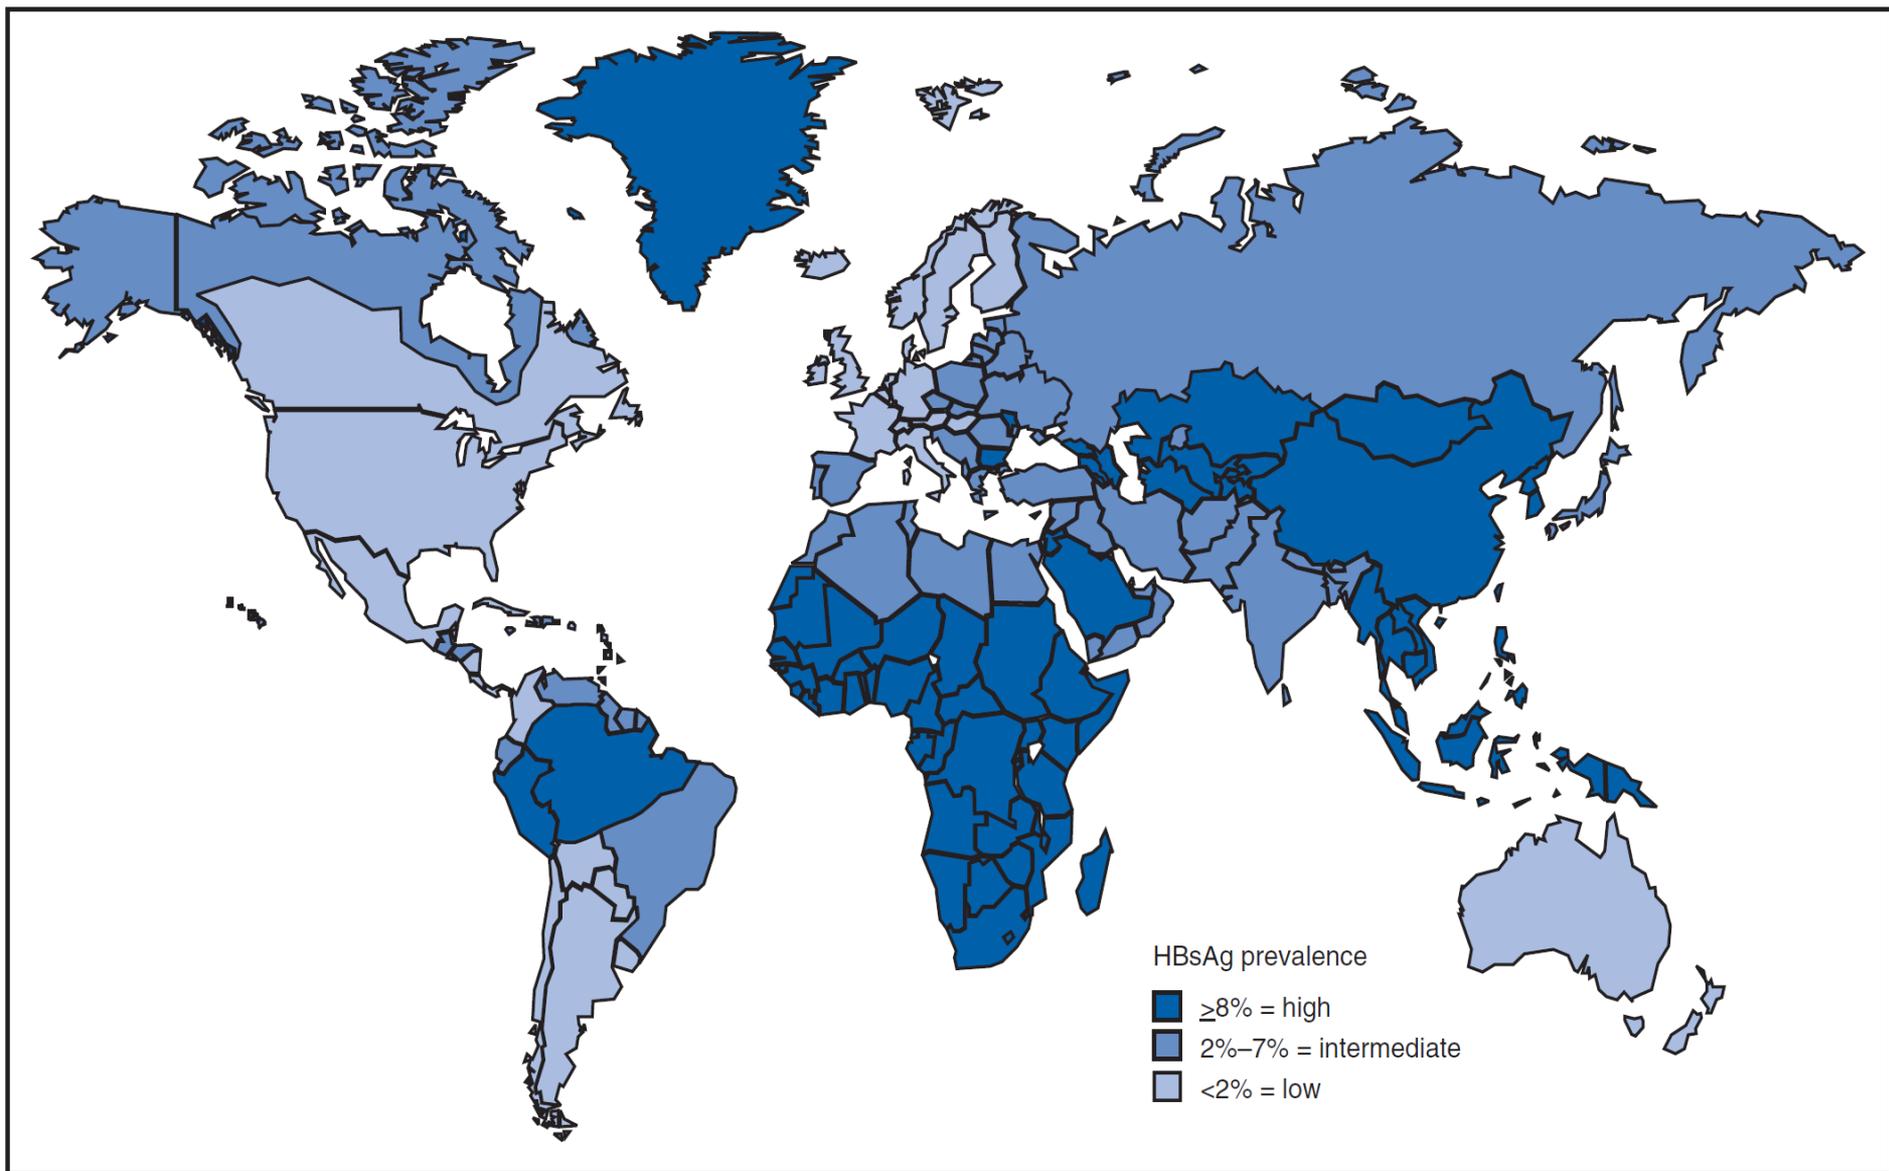

About Us

- Started in October 2015, Non-profit that provides FREE hepatitis B and C testing, education and linkage to care
 - > Referrals for free hepatitis B vaccines
- Work with community leaders to ensure resources are linguistically and culturally appropriate
- Provide direct services in easily accessible areas such as offices, markets, places of worship, schools etc...
- Minnesota chapter of HBI-DC

Hmong

- 16.8% Hep B prevalence rate
 - Not know about
 - STIGMA-not talked about
 - Southeast Asia (Laos, Thailand, Vietnam)
 - Frequent travel to homeland
 - Many family members in same household
 - Sharing hygienic tools (nail clippers, toothbrushes, razors)
 - Cultural Norms
 - Shamanism
 - Blood is a part of the soul, not replenishable

FIGURE 3. Geographic distribution of chronic hepatitis B virus (HBV) infection — worldwide, 2006*

* For multiple countries, estimates of prevalence of hepatitis B surface antigen (HBsAg), a marker of chronic HBV infection, are based on limited data and might not reflect current prevalence in countries that have implemented childhood hepatitis B vaccination. In addition, HBsAg prevalence might vary within countries by subpopulation and locality.

Outreach

KOJ KEV NOJ QAB HAUS HUV. KOJ TSEV NEEG. KOJ KEV XAIV

Kuaj Dawb:

Kab mob siab B, C, Ntshav qab zib & Ntshav muaj roj

Feem ntau cov neeg muaj kab mob siab B los yog kab mob siab C no yuav tsis paub vim lawv tsis mob qhov twg. Ib qhov yuav kom paub txog ces yog kuaj xwb. Xav paub saib koj puas muaj kab mob siab thiab kawm txog kev tiv thaiv rau koj tus kheej thiab cov tib neeg koj hlub kom txhob ntsib cov kab mob uas txo tau txoj siav ntsiag to no.

Hnub: Saturday, 4/1/2017

Sij hawm: 11:00AM – 3:00PM

MIDTOWN GLOBAL MARKET

920 E LAKE ST

MINNEAPOLIS, MN 55407

Hmoov zoo, koob tshuaj HBV yuav tiv thaiv tau kab mob siab zoo thiab yuav tsis ua teeb meem. Cov tshuaj txhaj thaiv kab siab B muab faib ua 3 koob los txhaj rau sij hawm li 6 lub hli. Txhaj puw ib xuv no yuav kav mus ntev. Cov tshuaj txhaj no yuav pab tiv thaiv kom siab txhob mob khias xaws! (Cancer)

Muaj lus nug ntxiv hu rau:

World Hepatitis Alliance

The NOhep Team

NOheptivist of the month

A special shout out to [HBI Minnesota](#) this month for educating over 150 Vietnamese elders about hep B and hep C! Education is key to raising awareness of hepatitis and a special thanks goes to Dr. Chameng Vang from [Allina Health](#) for supporting the event!

WORLD HEPATITIS ALLIANCE MEMBER ACTIVITIES

HEPATITIS AWARENESS MONTH

Every May advocates in the United States celebrate Hepatitis Awareness Month and National Hepatitis Testing Day on 19 May. The month long campaign aims to raise much needed awareness of viral hepatitis among the public and encourage people to come forward for testing. WHA members across the United States marked the occasion:

National Hepatitis Testing Day - USA

- WHA member [HBI-Minnesota](#) celebrated Hepatitis Awareness Month by visiting the Hmong Cultural Center where they educated and tested students for hepatitis B. They also featured on a special broadcast on Hmong-FM Radio.
- WHA member [San Francisco HepC Task Force](#) spent National Hepatitis Testing Day offering free HIV and hepatitis C tests at Mission Wellness Pharmacy.
- WHA member [Liver Health Connection](#) tested 140 people for hepatitis C in locations including Grand Junction, Fort Collins, Pueblo, Colorado Springs and multiple metro stations in Denver.
- WHA member [Climbing for Carleen](#) organised free hepatitis C testing in Colorado as well as climbing Manitou Incline to raise awareness of the importance of getting tested.
- WHA Executive Board Member for the Americas Region [Su Wang](#) hosted a programme at the [Center for Asian Health](#) on hepatitis B that provided information on the virus, fatty liver and complications as well as transmission risks, diagnosis and treatment. Free hepatitis B testing was also provided and NOhep was used throughout the activities.
