OREGON DEPARTMENT OF CORRECTIONS

- 14 Prisons
- ~14,800 Adults-in-Custody (AIC)
- Health Services Administration: Medical, BHS, Dental, Pharmacy
- RN-predominant medical clinics and infirmaries
- Thousands of patient-hours per month
- ~400 AIC in/out per month

ODOC
WHAT WE DO

Oregon Department of Corrections
Health Promotion Programs

Evidence-based interventions that
promote holistic health empowerment
among Adults-in-Custody (AIC).

OREGON DEPARTMENT OF CORRECTIONS

Communicable Disease Testing (Hep B) – Know Your Status!

- Opt-In testing post-intake
- Medical provider-initiated testing
- Health promotion education from intake-to-release

OREGON DEPARTMENT OF CORRECTIONS

Hep B Testing Data

- CY 2018
 - Tested 26% of AIC (nearly *doubled* since inception of HPP, 2010!)
 - None HBsAg+
 - 52% ANTI-HBs

OREGON DEPARTMENT OF CORRECTIONS

Hep B Vaccine Initiatives

- Partnership with Oregon Health Authority – 317 funds
- Vaccine Access Program (VAP) for VFC standards
- Special Projects (*Jude Leahy, MPH*)
- HBV Vaccine CY 2018
 - 2,510 doses ~ 837 AIC (6%)

OREGON DEPARTMENT OF CORRECTIONS

Strengths of ODOC Approach HBV testing/vaccine

- Administrative priority
- HPP enhances AIC-patient engagement
- Partnership with Oregon Health Authority
- Departmental vision of healthier people re-entering society
